PROFESSIONAL SUMMARY

Full-Stack Software Engineer with strong experience building scalable web applications using MERN stack and Django. Proven ability to design, develop, and deploy high-performance systems, leveraging modern frameworks, databases, and CI/CD practices to ensure reliability, scalability, and maintainability.

EDUCATION

B.Eng. Electronic Engineering, University of Nigeria, Nsukka.   2013-2018

WORK EXPERIENCE

Software Engineer - IBX Exchange   2024-2025

• Developed and maintained secure backend services and RESTful APIs with Django and Node.js, supporting authentication, transactions, scan-to-pay, inventory, and POS integrations.

• Collaborated with product, design, frontend, mobile, and QA teams to deliver scalable, user-focused financial applications using Agile methodologies.

• Optimized database queries, backend performance, and frontend delivery, reducing page load times by 30% and improving overall system responsiveness.

• Ensured high-volume transaction reliability, security, and compliance with financial regulations, implementing best practices in performance, testing, and access control.

Software Developer - Vivva Solutions   2021-2024

• Built responsive, scalable websites and web applications using HTML, CSS, JavaScript, and modern backend frameworks, delivering high-performance solutions for multiple clients.

• Translated UI/UX designs into functional applications, ensuring accessibility, maintainability, and strong user experience.

• Implemented cross-browser compatibility, SEO best practices, and clean code standards, enhancing application performance and reliability.

• Worked directly with clients to deliver feature updates, long-term improvements, and technical solutions, aligning with business goals and user needs.

TECHNICAL SKILLS

• Programming: Python, C, JavaScript, HTML5
• Backend & Runtime: Node.js
• Frontend & Styling: React, Next.js, Tailwind CSS, shadcn/ui
• Frameworks & Stacks: Django, Express.js, MERN Stack
• Databases: MySQL, PostgreSQL, MongoDB, Supabase
• APIs & Tools: RESTful APIs, Git, Postman, VS Code
